

Thessaloniki

Destination of
Sports
Tourism

- Thessaloniki is the second largest urban center in the country. It is the industry-commercial- cultural-spiritual-administrative center of Northern Greece and a transportation hub, "portal" for Eastern Macedonia, Turkey and the Balkan countries, with many airline flights and carriers.
- **The city of Thessaloniki:** the multicultural character of the city, monuments and modern tourist facilities spaces and cultural institutions, ethnic references that lived in the past on this, the infrastructure, the friendly feeling and well-being of its inhabitants, as well as the cuisine that combines flavors and influences from many sides, making it a major tourist destination.
- The proximity of the city with important archaeological sites, the immediacy of access to many areas of Northern Greece with natural beauties, but especially the close relationship with Chalkidiki and Athos Mountain, an attraction for tourists of many countries with different interests.
- Because of the infrastructure available and the additional capabilities that can be developed the city and the region, is particularly suited to specialized forms of tourism. Below is a comprehensive proposal for sports tourism as well as static data for the weather conditions during the winter season.

- Edatermon Ltd company it introduced the topic in the region of Thessaloniki and offered sports infrastructure at sports facilities ATERMON about planning the preparation of athletes and teams during the winter period November 2016 - March 2017
